YACHT CLUB

WINTER HIBERNATION

Our club has been tidied up and tucked in for the winter, but it won't be long before we are back out again! Thank you to all of those who are volunteering to check in on the clubhouse over the winter months. Enjoy this view from our deck mounted cameras!

MEMBERSHIP RENEWALS

It's that time again when our membership renewals are due. Please take the time to fill out your renewal form, ensuring all of your contact information and other details are up to date. Forms are available on the website under Membership and sent out in email to your registered email.

Fees for the year are due no later than February 28, 2026. You can pay by e-transfer to fees@sunshinebay.org. If you're not sure the amount due, please reach out to Membership Director Gerri Turner for assistance by email membership@sunshinebay.org. Forms should be sent to this address as well with a note when fees are paid.

Historic Lake Levels

In the WWMC's 2013 State of the Watershed Report (PDF), the following historical information (1915-2013) about lake level was presented:

The maximum lake level recorded was in 1927 at elevation 725.17 meters (2,378.56 feet) above sea level.

The minimum lake level recorded was in 2003 at elevation 723.72 meters (2,373.80 feet).

Wabamun Lake daily levels (m) recorded from 1915 to January 2025. Data is collected by National Hydrological Service (NHS) of Canada at station 05DE002. Date after 2024 has not been validated and is subject to revision.
