1976 C&C 24' Sailboat "Cote D'Azur" is an excellent racer/cruiser. This is a very fast boat for her size and has done well in many races over the years. She is quick, agile and sails well in light winds with her 252 sq.ft sail plan. As well, she performs exceptional in strong winds due to the excellent C & C design and holds a firm straight line with the balanced weight of her lead keel and deep rudder. As a cruiser Cote D'Azur is quite comfortable w/ accommodations for two and can hold up to four adults. With her galley, head, and water tank she is an excellent boat for a getaway weekend anywhere on the lake.

This boat is perfect for anyone who wants to enjoy racing and cruising. Cote D'Azur is especially great as a first boat as a Racer/Cruiser class and would be fantastic for families with young children. Has been actively sailed/raced for the past few summers and moored at Sunshine Bay Yacht Club on Lake Wabamun (moorage available with application). We've upgraded to a different boat and now Cote D'Azur is ready for a new adventure for a new family.

THE VESSEL:

-Length: 24' 0" (LOA 24') Beam: 8.78' Draft: 4.0'
Displacement: 3,200 lbs; Keel ballast: Lead
